PRIMAL ASTROLOGY REPORTS
by PrimalAstrology.com
copyright 2016, Royal Mint Publishing LLC

This Friends Report is divided into 4 chapters.

Chapter 1 describes your temperaments and personalities. The issues described in Chapter 1 become particularly powerful if you have a close or long-lasting relationship. Idiosyncrasies or quirks in another person's personality do not bother us as much if our relationship is a casual one. For example, if one person is neat and tidy and the other is sloppy, this is more likely to become a concern if you depend on each other in a business partnership than if you are casual acquaintances.

Pay close attention to the issues described in Chapter 2 because these are the most important themes in your relationship. For example, if themes of open communication and friendliness are emphasized, then you can count on this relationship growing into a close, long-lasting friendship. However, if friendliness and harmony between you are hardly mentioned at all, your relationship will be a more formal, less personal one and you probably won't think of one another as close friends. Note also that the material in Chapter 2 is presented roughly in order of importance, so that the material presented at the beginning of Chapter 2 is the most powerful.

Chapter 4 describes issues in your relationship of less importance than those presented in Chapter 2. Chapter 3 describes situations and circumstances that arise over time if your relationship is a long-lasting one.

If a statement appears to contradict another statement, then your roles are likely to alternate. For example, a statement that Ben is more aggressive than Matt, and another statement stating that Matt is more aggressive than Ben, means that you alternate roles, with Ben sometimes being the leader and Matt being the follower, and sometimes just the opposite. Also, read the statements carefully, as it is likely that a careful reading will reveal different kinds of aggressiveness or areas in which the aggressiveness is likely to express itself.

To make the most of this report, combine this astrological analysis with other things that you know about each other. For example, if your relationship is strictly business-related and close, personal friendship is unimportant to both of you, then it will not concern you if there is little warmth in the relationship. However, a lack of warmth and sympathy, or a tendency to be critical and judgmental of one another, is a more serious problem in a parent-child relationship. You may also want to order a Natal Report for each of you. The Natal Report describes your individual traits. The material in Chapters 2, 3 and 4 of this report describes the dynamics of your relationship, but does not describe your individual natures.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

Chapter 1
A Comparison of Temperaments and Life Styles
that Affect Your Ability to Harmonize with Each Other

Ben's Sun in Leo and Matt's Sun in Leo:

You are both proud, vibrant, warm, but rather self-centered individuals. You both want to be the center of attention, and you may not want to share the starring role with your friend. Neither of you can dominate in this relationship - you must cooperate, which isn't something that comes naturally to either of you. Competition can be quite fierce, for you both have very strong egos.

Although it may not be obvious to others, both of you are very self-conscious individuals, and you are very concerned with your own personal creativity, personal recognition, and personal performance. Being inconspicuous or in the background is not your style.

You tend to either adore each other or despise each other. You are both very loyal, but you must respect and believe in your friend. If you ever feel that the other lacks integrity or honesty, or is competing with you (or surpassing you!), then the admiration that you have for each other turns sour quickly.

Ben's Moon in Scorpio and Matt's Moon in Scorpio:

You are both very intense inwardly, and yet many of your feelings are hidden except from those few with whom you are very intimate. You are wholehearted and often extreme in your emotional reactions; you love and hate, feel rage, triumph, fierce loyalty or complete loathing - all with equal fervor. You can simmer and brood over something for a long time without expressing or releasing your feelings, and you can build up tremendous resentment or guilt this way.

Both of you like to keep things hidden and need privacy; you enjoy having secrets. Because you are both suspicious and cautious about revealing yourselves, those you trust must prove themselves to you and you expect absolute faithfulness from them. You are sensitive to betrayal and can be intensely jealous.

Since you are both this way, you understand one another very well, but obviously when you clash, it can be quite explosive. You may be very attracted to or repelled by one another.

Both of you crave powerful emotional experiences and may seek this out in various ways, including engaging in challenging or dangerous physical activities, choosing a profession that involves you in life-and-death or intense crisis situations, reading or watching shocking or gruesome horror stories, or by creating emotional storms in your own personal lives.

Both of you have Sun semisquare Venus:

Love, relationship, and a focus on creative self-expression are of major importance to both of you. However, within both of you as well there is a conflict between a concern for the self, fulfilling yourself as an individual, versus enjoying closeness and participating fully in intimate relationships. At times you may feel you have to severely compromise your own needs or personal ambitions for the sake of "love" or an important relationship. At the other end of the seesaw, you may be narcissistic and expect all of the attention and focus to be on you, your desires, and your creative self-expression.

In your relationship to one another, this dynamic is highlighted. One of you is likely to play the role of the narcissistic "taker", the other to be the pleaser, harmonizer, compromiser, or "giver". Unless you consciously decide to create a system whereby both of you SUPPORT each other's personal goals while NOT sacrificing your own, you may be in for an unhappy, lopsided situation.

Positively, the two of you can work together to create a mutual, reciprocal relationship, supportive of each one's individual goals and needs - and thus help to heal the split between "me vs. us" that you both feel.

Chapter 2

Major Themes in the Relationship: What Brought You Together

Sun Mutually Aspects Saturn:

There does not seem to be enough time to simply have fun, laugh, and enjoy life together. Both of you are also likely to feel blocked in your creative expression. You may feel judged and criticized by each other, and that you hold one another back. Many astrologers would say that you owe each other a "karmic debt", and whether this is true or not, you will be called on to make lots of sacrifices for one another.

Ben's Sun Square Matt's Saturn:

Matt must be very careful not to harshly criticize or judge Ben. There is a strong tendency for Ben to feel blocked, frustrated, and discouraged by Matt. Typically, Matt will feel surprised by Ben's feelings of frustration and anger, and feel that Ben is just being overly sensitive to criticism. There is an element of truth to both viewpoints: Matt tends to be too critical of Ben and Ben tends to be too sensitive to the criticism; the combination can be disastrous! Ben may try to ignore the problem, but ignoring the problem will not cause the problem to disappear. On the positive side, you are often able to work together effectively in meeting challenges and responsibilities. However, the tendency to become overly concerned with your responsibilities and be too conservative, cautious, and restrictive towards each other must not get out of hand, or you will both feel severely confined and restricted by being together.

Matt's Sun Sextile Ben's Saturn:

There is a deep sense of mutual commitment and dedication that makes the two of you very compatible in situations that require dedication, loyalty, responsibility, and dependability. You work well together on practical matters and business affairs.

Matt's Venus Conjunct Ben's Pluto:

There is a great deal of magnetic attraction between you which can interfere with your objectivity about one another, or with any professional relationship you might have. Deep feelings of either love and appreciation or distrust and repulsion are stirred up between you, but much of this may be played out behind the scenes or in subtle ways. You are likely to wonder why your feelings toward one another are so irrationally strong. Negatively, there is a tendency for either or both of you to manipulate the other and to use your friendship for selfish purposes. Positively, an unusually deep and close relationship can develop between you, one in which there are few secrets or superficial social masks to hide behind.

Ben's Sun Square Matt's Moon:

The distinct differences in your temperaments inclines you to periods of personality clashes and misunderstandings. In particular, Matt often feels that Ben does not sympathize enough or try to really understand Matt's feelings. Both of you will have to understand and respect your differences, and make a concerted effort to harmonize your very different temperaments.

Ben's Asc. Square Matt's Venus:

You enjoy recreation or fairly frivolous, self-indulgent pursuits together, which is quite pleasant for the most part. The only drawback is that you may encourage one another to be lazy, unambitious, or too extravagant.

Ben's Asc. Square Matt's Uranus:

To Ben, Matt seems highly unusual and fascinating, or unstable and disruptive, perhaps both.

Matt makes Ben feel nervous and unsettled, but this may also be quite stimulating. Both of you challenge one another to change your plans, habits, or attitudes, and a great deal of flexibility, willingness to change, and openness is necessary on both of your parts.

Matt's Asc. Trine Ben's Mercury:

You work together very harmoniously on daily tasks and you can communicate very clearly and openly to each other. You "speak the same language" and you have a knack for quickly understanding each other.

Ben's Venus Square Matt's Uranus:

Excitability, spontaneity, getting a bit loose or crazy together and acting on impulse are highlighted in your relationship. You may have an on again/off again type of relationship, somewhat unpredictable or unconventional or unstable, but it can be a great deal of fun. Negatively, both of you tend to be unreliable toward the other, and unwilling to forego personal desires or freedom for the sake of the other. Much flexibility and tolerance are required of both of you in order to bring out the best of each other in this relationship.

Matt's Venus Sextile Ben's Neptune:

You enjoy sharing music, art, or poetry with each other. Taking evening walks, listening to music together, and watching movies together are likely to be some of your favorite shared activities. You encourage one another to relax and perhaps to be lazy or passive. Also, you accept and appreciate one another, and readily overlook one another's weaknesses.

Ben's Mars Square Matt's Neptune:

It is very difficult for the two of you to jointly accomplish practical, mundane tasks. You draw out the silly, childish, imaginative side of each other, and you often will simply not be able to clearly focus on practical tasks. If either of you has a drinking, drug, or psychological problem, it is likely that your relationship will highlight this problem. Be wary of the tendency of both of you to over-indulge in these kinds of bad habits.

Ben's Mars Sextile Matt's Jupiter:

You work together very harmoniously and you have a knack for helping each other discover new approaches to problems and new strategies for reaching goals. You are likely to combine energies in a successful business enterprise or creative undertaking.

Matt's Mars Sextile Ben's Uranus:

You inspire confident, assertive, dynamic feelings in each other, and together you enjoy being daring, acting boldly, making definite decisions and following through on them. Your friendship is a positive, dynamic one that will help both of you reach your goals. You encourage one another to be inventive, to try new approaches, and this recharges and vitalizes both of you.

Chapter 3

Destiny and Final Outcome of Your Relationship

Composite Sun Conjunct Venus:

Your relationship will grow to become a strong friendship. You are also able to work together well in any endeavor that requires good artistic sensitivity. There can also be an element of vanity, artifice, or wanting to show-off in whatever you two do together. Hiding or downplaying your difficulties and the ugly parts of your relationship may be helpful to a point, but if you try to do this despite your actual conflicts, then deeper troubles may never get attended to. However, whatever friction, dissonance, or ill will develops between you, there will also always be an urge to harmonize, reconcile, and ease your differences, and to create cooperation. It will take a lot for the two of you to ever turn against each other entirely.

Composite Sun Conjunct Mars:

Without a doubt, the two of you rouse strong energies in each other, and you will have to learn how to manage conflict, intensity, and anger in a creative way. When you are together, you both tend to become competitive, overly eager, rambunctious, zealous. You can initiate new projects and get lots of work done together, if your drives are harnessed and channeled into creative enterprises. Winning at work and competition, developing a warrior spirit, encouraging one another to be bolder and more courageous - these are the positives you will discover and create together if you can diffuse the more aggressive, abrasive energies you bring out in each other. Action, doing, and accomplishing are much of what this relationship is about.

Composite Mercury Square Jupiter:

You bring out the restless, wandering, intellectually curious and open-to-adventure sides of one another. Big visions for the future, dreams of seeing the world, and/or greatly expanding in some other area of your lives are key themes in your relationship. Together, you are idealistic, optimistic, hopeful, expectant of good things to come, and generally philosophical about failures. One of the gifts inherent in your friendship is faith.

Together you may get involved in projects that either grow too quickly or somehow become unmanageable (bigger than you expected). Grandiose claims - not based on fraud but upon over-optimism - will be a problem at sometime in your relationship, too.

Composite Jupiter Conjunct Neptune:

Being with one another inspires you both to be more optimistic, generous, charitable, and hopeful. In fact, it can blow your sense of idealism out of all proportion. That is, you will believe that anything at all is possible, even the most grandiose fantasies. The "wish" factor is very strong when you are together, as is the yearning for perfection or some sort of Promised Land.

You are inclined to gamble, to speculate extravagantly, to be gullible regarding others' motives or the potential of various enterprises which promise incredible returns on very little investment.

It is very likely that the two of you will travel a lot, and you may become involved in religious or spiritual studies together.

Composite Mercury Conjunct Mars:

Vigorous debates and intellectual sparring will inevitably play a key role in your friendship. What you might try to convey tactfully in other circumstances, you will state directly and unequivocally with each other. This can lead to numerous arguments and disputes, not so much due to deep differences of opinion but simply due to the way you both communicate with one another.

It is likely that one or both of you will come to feel verbally attacked, or criticized for petty things, unless you both are willing to work on being gentler with each other.

On the other hand, if you enjoy bantering, competing intellectually, and hotly debating various issues, you may not consider any of this a problem. It will, however, be an ongoing dynamic in the way you relate to one another.

Composite Mercury Square Neptune:

Fantasy and imagination pervade your relationship, and if the two of you have some creative channels to express this through, it can be an enriching aspect of your relationship.

Inevitably, however, at times the two of you will misunderstand, distort, embellish, or confuse what the other person is trying to convey. You must try to be absolutely explicit and unambiguous with one another. You may make assumptions, or believe that you expressed yourself clearly enough, only to discover that the other never got the message. If you merely imply, suggest, or hope the other person can intuit your thoughts, a lot of confusion and mistrust will arise between you - especially when dealing with practical matters and mundane reality.

On the positive side, you spark one another's colorful, creative thinking. As a team you could tell some wonderful stories or create some great fiction. Just be sure you separate fiction from fact when communicating with each other! Part of the purpose of your relationship is to open up imaginative channels within you both. The study of art, or the inner life, may well be part of this.

Composite Venus Conjunct Mars:

It is likely that the two of you enjoy playing games or sports together. There is a creative, fun-loving quality to your friendship that inclines you to engage in artistic, musical, or other creative endeavors. You enjoy competing against each other and also being team mates in competition against another team.

Composite Jupiter Sextile Pluto:

The two of you will grow tremendously through your friendship with one another. Your faith in yourselves will be renewed and will enable you to undertake endeavors that might have seemed too great or overwhelming in the past. Your belief in one another, as well as shared religious or spiritual convictions, will be a great source of support.

You are able to develop a clear goal together, a vision that both of you are dedicated to, and you can achieve it. You have the ability to cooperate in a very harmonious and dedicated manner as well. Achieving great things never comes easily and it is not guaranteed in your case, but the two of you are definitely capable of joint success in an enterprise.

Chapter 4 Other Themes in Your Relationship

Ben's Sun in Matt's 9th house:

Matt takes a great interest in Ben's philosophical or religious outlook on life, and Ben often assumes the role of teacher or mentor towards Matt.

Matt's Sun in Ben's 3rd house:

Matt openly shares thoughts and ideas with Ben, and the two of you love to share ideas, perhaps even gossip together.

Ben's Moon in Matt's 11th house:

You share a light-hearted, outgoing, friendly relationship. The friendly feeling of camaraderie that you share makes your relationship enjoyable and fun. You tend to avoid topics of inner, personal concern with each other, and the mood is usually light, breezy, friendly, but not particularly warm and personal.

Matt's Moon in Ben's 5th house:

Matt greatly appreciates Ben's creative interests and provides an encouraging audience for Ben's personal creative works, whether it be a garden, a culinary delight, home decor, or artistic creation.

Ben's Mercury in Matt's 8th house:

Your conversations are rarely superficial, and the intensity and depth of your conversations may have been an important factor in drawing the two of you into a relationship. You are also likely to develop joint business ventures or financial strategies.

Matt's Mercury in Ben's 4th house:

Matt loves to discuss very personal issues with Ben, which promotes a very close, inner tie between you.

Ben's Venus in Matt's 7th house:

Ben is highly attractive and interesting to Matt, and there is a strong magnetic attraction between you that leads to a lovely and close friendship.

Matt's Venus in Ben's 4th house:

Ben's deep feelings of appreciation and support for Matt are not likely to evaporate over time. Both of you love your times together, especially if you share a home together.

Ben's Mars in Matt's 9th house:

Ben challenges Matt's philosophical viewpoints and religious beliefs. There is the possibility that Ben will try to force a viewpoint or philosophy on Matt.

Matt's Mars in Ben's 2nd house:

Matt takes an active interest in the way Ben handles finances and assets. You may succeed in a joint business venture or financial arrangement, but there is also the strong possibility that you will come to cross purposes and disagree about how resources, responsibilities, and profits should be divided.

Ben's Jupiter in Matt's 1st house:

Ben puts Matt in an optimistic, fun-loving, outgoing, mood. You like to go out, travel, and have fun together. Ben is also generous towards Matt and freely gives gifts and assistance to Matt. You enjoy planning and scheming together and sometimes you get a bit overly optimistic in your shared hopes and dreams.

Matt's Jupiter in Ben's 5th house:

The two of you enjoy playing games together, engaging in creative activities, hobbies, and you generally have lots of fun together. Also, Matt encourages Ben's creative talents and interests and enjoys promoting and assisting Ben's creativity, whether it be as simple as baking a cake or a major undertaking.

Ben's Saturn in Matt's 7th house:

Matt feels that Ben is a person who will be trustworthy and there is, indeed, a high level of security and stability that can be counted on in this friendship. Both of you feel comfortable making commitments to each other. However, over time Matt may also find that Ben is critical of Matt's other friends and discourages Matt from participating in many social activities.

Matt's Saturn in Ben's 11th house:

Matt is likely to question and criticize Ben for his/her membership or involvement (or the lack of it) in various clubs, groups, or organizations. Also, you may join some organizations together and share a mutual enthusiasm and both go through a period of disillusionment and sobering when the organization does not live up to expectations. Fortunately, these experiences are not likely to be extremely disconcerting to either of you, and both of you will feel that you mature a great deal through the experiences.

Ben's Uranus in Matt's 10th house:

Ben has lots of original ideas on how Matt can best achieve career goals. Ben is likely to encourage Matt to take a more adventurous, risky route, and Ben often feels that Matt holds himself/herself back by being too conservative and security conscious. However, not all of Ben's ideas are well founded, and Matt must have the ability to sift out the really useful creative ideas from those that will only result in chaos and confusion.

Matt's Uranus in Ben's 4th house:

Matt challenges many of Ben's deeply ingrained attitudes and many of the habits and personal tastes that are developed from early childhood. Matt often encourages Ben to break free from the past, although this encouragement is often subtle and not overt. Matt needs to be careful not to overlook the value of Ben's heritage, and you both need to be able to preserve what is good in the past without remaining attached to habitual tendencies that are not fulfilling or healthy.

Ben's Neptune in Matt's 12th house:

The two of you are likely to share a lot of secrets together. There is a great deal of fantasy and imagination that you share, and both of you may feel that it is inappropriate to bring this side of yourselves into the public. There is a strong spiritual or psychic bond that draws you together. You may share some very unusual, almost mystical, experiences together.

Matt's Neptune in Ben's 5th house:

Matt enjoys acting childish and silly with Ben. You enjoy playing with each other, and there is a strong element of fantasy and imagination in your games. Ben's sense of reality may be somewhat diminished when with Matt, and overindulgence in pleasurable activities or emotions is possible.

Ben's Pluto in Matt's 10th house:

If this is a long-term relationship, Ben will have a critical effect on Matt's career and ambitions. Circumstances arise that enable Ben to play a key role in helping steer Matt's career along new lines and to levels of greater stature and influence. Ben can help Matt gain a whole new outlook on career opportunities and the best way to utilize his/her own talents, but this process is a complex and tricky one, and the final outcome could be very successful or a failure, depending on how both of you handle the situation.

Matt's Pluto in Ben's 4th house:

A lot of powerful emotions come to the surface in this relationship. Differences in your family backgrounds, ethnic or religious heritage can become a source of friction. Subtle biases toward each other or misunderstandings between you can smolder for a long time, and then erupt as hurt feelings and anger. You need to be honest and open with each other because otherwise a complex knot of feelings can develop between you, developing into a love-hate relationship.

Ben's Sun Conjunct Matt's Sun:

You strongly identify with each other and are very much alike in important ways. It is easy for you to be together because you do not have to explain yourselves to one another. An innate appreciation and understanding of one another's essence exists between you, and this is vitalizing and ego-affirming for both of you. However, you share the same flaws and weaknesses as well as the positive qualities, and you may find it difficult to be with someone who so clearly exhibits the very things you like least about yourself. The more you accept yourself, the more beneficial and delightful your relationship with one another is.

Matt's Sun Sextile Ben's Uranus:

There is a light-hearted, buoyant quality to your relationship that makes you really enjoy each other's company. You spark each other's sense of humor and you enjoy joking and "horsing around" with each other. You also appreciate each other's creative interests and encourage each other to pursue original, creative activities. Matt especially feels freer and less inhibited by being with Ben.

Ben's Mercury Conjunction Matt's Mars:

The two of you are inclined to mentally spar with each other, challenging each other's ideas and aggressively confronting weaknesses, inconsistencies, or superficialities in each other's thinking. While this can sharpen your wits and improve your mental work, it may also lead to arguments, making you feel attacked and ridiculed by each other. Be wary of hurting each other's feelings or being overly zealous in challenging one another's ideas.

Matt's Mercury Square Ben's Saturn:

Ben is often critical and coldly analytical of Matt's ideas, and Matt is likely to feel belittled by Ben. If both of you are able to offer criticisms and comments with a helpful, positive attitude, then this astrological influence need not be overwhelming, but the tendency to feel blocked and frustrated in your communications is very strong. You must make sincere efforts to listen receptively and sympathetically!

Ben's Venus Square Matt's Venus:

Your tastes in art, music, and food are frequently very different and, more importantly, your approach to friendship and money is often at odds with each other. These differences are not severe and are likely to cause only minor annoyances, but nevertheless are a nuisance, leading to mutual misunderstandings.

Matt's Venus Square Ben's Jupiter:

You enjoy laughing, playing, socializing, and going out together to have a good time. You are expansive and generous with one another, and are inclined to spend unwisely, overeat, or otherwise overindulge when you're together. If you live together or work closely with one another, disagreements regarding finances, budgeting, or investments are likely to arise.

Ben's Jupiter Square Matt's Pluto:

Through your friendship with one another significant changes occur in your underlying assumptions and beliefs about life and death, your faith, or your sense of personal meaning. Matt may try to force Ben to accept some philosophy or way of seeing the world, challenging Ben's currently held beliefs or religious understanding. Putting your cherished beliefs and ideals to the test, pushing past mental barriers and limits, diving into life more wholeheartedly in order to see how far you can really go, and a deep desire to really LIVE are key issues in this relationship.

Ben's Jupiter Sextile Matt's Jupiter:

You greatly enjoy one another's companionship for you both feel you can do wonderful things together and you foster a positive sense of confidence, enthusiasm, and optimism in one another. You often help each other to get a larger perspective on problems or important personal matters, and to see options and possibilities that you hadn't considered before. There is also much humor and playful give and take between you which relieves you of a too narrow or overly rigid way of seeing your situation.

This is a mutually beneficial relationship and you tend to feel and to be "lucky" together. You may also be overly confident, even foolhardy with each other at times.
